

# HEAVY DUTY CAST IRON PIPE WRENCHES

## STEELMAN®

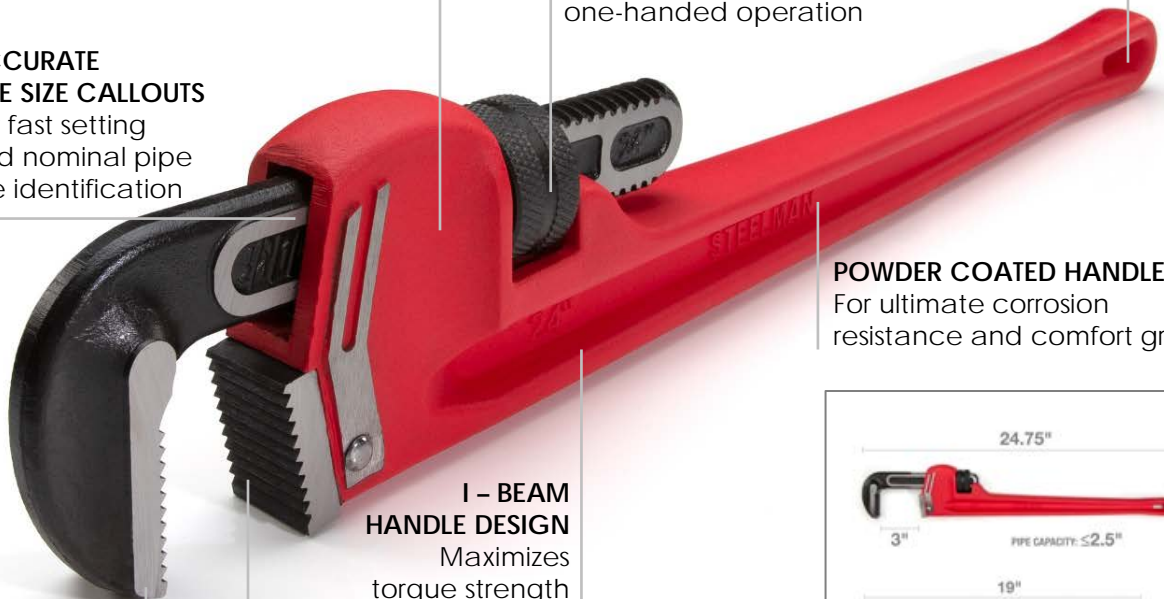

**LARGE HANG HOLE**  
For quick tool storage

**DUCTILE CAST IRON HANDLE**  
Maximizes handle strength and eliminates brittle failure

**EQUALLY HARMENED HOOK JAW AND ADJUSTMENT NUT**  
Ensures equal wear and smooth tooth engagement to allow for one-handed operation

**ACCURATE PIPE SIZE CALLOUTS**  
For fast setting and nominal pipe size identification

**POWDER COATED HANDLE**  
For ultimate corrosion resistance and comfort grip

**I - BEAM HANDLE DESIGN**  
Maximizes torque strength and provides comfort grip

**CHROME MOLY ALLOY STEEL JAWS**  
For maximum jaw strength and tool life

**INDUCTION HARDENED TEETH ON JAWS**  
Maximizes gripping force and minimize tooth wear

### SPECIFICATIONS

LENGTH	PIPE CAPACITY	PRODUCT #	UPC
10"	1.5"	60883	099198608839
14"	2"	60882	099198608822
18"	2.5"	60881	099198608815
24"	3"	60880	099198608808

### MATERIALS

- Body/Handle: Ductile cast iron
- Jaws: Cr-Mo alloy, Induction hardened teeth
